

These written regulations explain the measures that Can Bordoy Grand House & Garden has implemented to guarantee that your stay with us is safe and free from the risk of infection.

For the common good we urge you to follow rules contained in this document, as they detail the guidelines provided by both the Spanish and the Balearic Islands health authorities. With these rules in place we are sure that you will enjoy an unforgettable experience with us.

We would like to thank you for your understanding during this transitional phase. Some of the services we provide may not be at their habitual level, as we have a reduced number of staff working out of responsibility towards our employees and their families.
